

2U model pictured

0.938" flange for strength

features

- **Description:** For use with 19 inch E.I.A. equipment racks, the security cover mounts directly in front of mounted equipment to help protect controls and settings from unwanted adjustments and tampering.
- **Construction:** 16-gauge certified U.S. steel frame with smooth black semi-gloss powder epoxy finish
- **Insert:** Smoked plexiglass inset panel
- **Protrusion:** Features 1.5 in. protruding space to allow room for equipment knobs and controls
- **Flange:** 0.938 in.
- **Installation:** Mounts in the same holes as the mounted equipment using two screws (top left, bottom right). The remaining positions are notched for screw clearance.
- **Origin:** Made in the U.S.A.
- **Compliance:** E.I.A. compliant

a&e specifications
