

Model No.

FW1-KITE Single Fan Kit

Model FW1-KITE has a single 120mm whisper-quiet fan with 50cfm airflow rating and a quiet 28dBA noise rating. The kit includes a fan guard and cord. The fan mounts to factory notches located on the side of Lowell wall racks (LWR series) for easy field installation without drilling. Fan also mounts to a rack's rear door.

Features

- 120mm dia. whisper-quiet fan with 28dBA noise rating
- Housing (cast aluminum with black finish), 120mm sq. 38mm D
- Fan guard
- 1.8m cord (no plug)
- Fan Orientation: Exhaust* (pulls air out of cabinet)

* NOTE: Fans can be field-changed to intake (force air into cabinet)

Option: (order separately)

Fan Filter (Model No. FW-FF): 1 filter for 120mm dia. fan

A&E Specifications

The rack fan shall be Lowell Model FW1-KITE. The kit shall include (1) 120mm diameter 240VAC 50/60Hz fan with fan guard and cord. The fan shall have a 50 cfm airflow rating and 28 dBA noise rating.

NOTE: The fan panel must be connected to a MAINS socket outlet with a protective earthing connection appropriate for the country or geographical area of usage. When the MAINS plug is the primary disconnect method for the device, the plug must be readily accessible and operable. Do not install unit where it may be exposed to water. Do not place any object containing liquid on or above the unit.

Model No. Summary

Model No.	Description	No. of Fans	Fan Diameter	Airflow (total)	Noise Rating	Power Required
FW1-KITE	Rackmount Fan Kit (240VAC 50/60Hz)	1	120mm	70cfm	28dBA	12watts
FW-FF	Fan Filter (1)
