features.

- **Panel Space:** 44U or 77.125" [1959]
- **Overall Height:** 83.125" [2111]
- **Overall Depth:** 36.00" [914]
- **Overall Width:** 23.06" [586]
- **Construction:** Fully welded certified U.S. steel, 16-gauge frame with seamless side frame construction and 14-gauge bottom reinforced at load-bearing junctions for robust support, strength equivalent to 11-ga. steel. Black wrinkle powder epoxy finish. Beveled edge corners front and rear.
- **Front:** Upper and lower vents. Frame nutserts are ready to add optional surface-mount door (left or right swing). Order front door separately.
- **Rear:** Removable knockout panels in frame above and below door with combination EKO for conduit (1/2"-3/4" and 1"-1-1/2") and KO for wireless antennae (1/2"). Removable blank project panel in frame below door. Standard model includes recessed rear door with vents and key lock (left or right swing). Rear door can be omitted by placing "LRD" (less rear door) suffix in model no.
- **Sides (open access):** Rear vertical array of 2" dia. holes plus 4" x 1.5" obround openings along base for cabling between racks. Optional side panels extend .625"
- **Bottom (open access):** Includes 10-32 threaded grounding stud in corner, 3/8"-16 threaded T-nuts for (optional) leg levelers, and holes for anchor bolts (by others). 31.88"D x 19.94"W opening.
- **Configurable Top (with closure panels):** 10U opening features riveted 10-32 threaded rails on 19" E.I.A. spacing. Includes two black 19"W closure panels (3U, 7U) which can be replaced with optional 19" fan panels. The 6"D rear conduit plane has combination EKO for conduit (1/2"-3/4" and 1"-2"), KO for wireless antennae (1/2"), plus room to field-punch an opening for 4" dia. conduit.
- **Cable Management:** Abundant cable lacing points and generous wire management space of nearly 2" between front rails and front-to-rear rail supports.
- **Rack Rails – 44U (fully adjustable):** Two pairs of 11-gauge steel 10-32 threaded rails on E.I.A. spacing with bi-directional numbered RU increments (rails mount in either direction). Black finish. Clearance from front rail to outside frame (1.75"), from front rail to optional surface-mount front door (2.5").
- **Hardware:** Black pilot point screws with captive washers for quick installation. (50)
- **Compliance:** EIA/TIA compliant. RoHS compliant. UL 2416 Listed in U.S. and Canada.
- **UL Listed Load Capacity:** 3150 lbs. [1429 kg]
- **Optional:**
 - Front door
 - Side panels
 - Mobile or stationary base – Leg levelers
 - Plastic bushings
 - Cable chase
 - Fully-vented rear door
 - Additional rails (44U, 21U)*
 - Ganging hardware

a&e specifications.

The rack includes a rear door and top closure panels (rear door can be omitted if not needed, see ordering option, pg. 2). A front door is optional, order separately.

The EIA/TIA compliant 19" gangable equipment rack shall be Lowell model #LGR-4436 with overall dimensions of 83.125"H x 36.00"D x 23.06"W; usable height of 44 rack units, and usable depth of 33.34". Rack construction shall be fully welded certified U.S. steel with 16-gauge frame and 14-gauge bottom reinforced at load-bearing junctions, all with black wrinkle powder epoxy finish. Open sides shall feature rear vertical arrays of 2" dia. holes plus 4" x 1.5" obround openings along bottom. The rack shall include a recessed rear door with vents and key lock, removable knockout panels above and below door with 1/2" KO for wireless antennae, 1/2-3/4" and 1-1-1/2" EKO for conduit, and a blank project panel. The front shall feature vents along top and bottom, and provisions to accept an (optional) surface-mount door with left or right hand swing. The top shall feature a 10U opening with riveted 10-32 threaded rails on 19" E.I.A. spacing and solid closure panels (3U, 7U), 1/2-3/4" and 1-2" EKO for conduit, 1/2" KO for wireless antennae, and a 6"D rear conduit plane with room to field-punch holes for 4" dia. conduit. Rack bottom shall have an opening measuring 31.88" x 19.94" and include a grounding stud. Rack shall include 2 pairs of (44U) adjustable 11-gauge steel rails tapped 10-32 on 19" E.I.A. spacing with black finish and numbered rack unit increments. The UL 2416 Listed rack shall be manufactured in the U.S.A. with a UL Listed load capacity of 3150 lbs.

Optional

- The rack shall include a solid steel surface-mount front door with key lock model #LFD-44.
- The rack shall include a smoked plexiglass surface-mount front door with key lock model #LFD-44P.
- The rack shall include a fully-vented surface-mount front door with key lock model #LFD-44FV.
- The rack shall include 1-pr. solid side panels model #SDP-4436.
- The rack shall include a fully-vented rear door with key lock model #LRD-44FV.
- The rack shall include mobile base model #LMB-36, which shall add 1.25" to height.
- The rack shall include a stationary base model #LSB-36.
- The rack shall include a cable chase with 4"W channel model #LCC4-4436.
- The rack shall include a set of four leg levelers model #LL.
- The rack shall include 12 plastic bushings to snap in 2" dia. holes, model #LGRB-12.
- The rack shall include ganging hardware model #RGH-40.
- The rack shall include an additional pair of ____ (44U, 21U) mounting rails model ____ (RRD-44, RRD-21).

*Note: 21U rack rails mount on top or bottom rack space only.
