

MADE IN THE USA

CERTIFIED US STEEL

features

- **Description:** Horizontal-mount panel with D-rings for 19 inch racks provides solutions for organizing cable in telecommunications, audio visual, and broadcast applications.
- **Cable Management:** D-rings for horizontal cable management measure 3.25"H x 3.75"D.
- **Origin:** Made in the USA
- **Construction:** 16-gauge steel panel with black powder epoxy finish. D-rings are formed from 0.125" cold-rolled steel and welded for stability of medium to large cable bundles.

a&e specifications

The cable management panel with D-rings shall be Lowell Model CMD-2H, which shall be formed from 16-gauge steel with a black powder epoxy finish. It shall measure 19 inches wide by 2 rack units. The panel shall include welded D-rings for horizontal cable management.
